Principal's Message

D.A.V. Centenary Public School, Ajmer is an English medium school, which provides a strong educational foundation designed to fit its students for tomorrow's world.

D.A.V.C.P.S, AJMER has been innovative and in the forefront of education since its foundation in 1994.

We educate children and are determined in so doing to help them to develop a life-long love for learning.

I strongly believe that this is the most important way to prepare today's young people to succeed in our fast changing world.

The school staff works as a team to ensure that the children are well cared for and experience success in learning.

My dear children, I wish you a world where you grow not only in intellect but also humane and spiritual quality of heart. So I wish you all this world has to offer.

Have a great journey ahead.

M.P.Singh

and let's do a lot of it.**

DAV Philosophy

The main objective of DAV institutions is to impart such education which is a blend of modernity with tradition to children so as to help them imbibe a sense of deep patriotism and pride in their ancient culture and civilisation, instill in them a disciplined outlook deeply dedicated to the pursuit of knowledge.

DAV institutions aim at creating environment truly conducive to the development of the child mentally, physically and spiritually. Special emphasis is laid on the development of well rounded personality based on character, initiative and courtesy. Training in leadership and sharing responsibility is an important part of the DAV School's academic and co-curricular programme.

D.A.V. Centenary School aims to nurture responsible global citizens. The school aims at providing age appropriate learning with emphasis on positive development of academic and social skills.

Our mission is to ensure that all the DAVians :

- *Respect self, others and the environment.*
- *Participate productively and responsively in a rapidly changing society.*
- *Communicate effectively.*
- *Use cooperative and independent learning styles to accomplish goals.*
- *Use problem solving techniques to handle everyday situations.*

Add Colours

to your kid's life

- *To give a secure, stable environment with flexibility for individual growth during student life.*
- *Structured and clear guidelines, within which students speak up, find their voice, learn to express and exercise freedom in a responsible manner.*
- *An academically challenging, student-centered instruction, which will be imparted by a team of caring, committed teachers, enriched and extended to prepare students for high school, college and also their future life.*
- *A global work ethic firmly grounded in Indian traditions, which will lead to a 'think global act local' scenario for our students.*
- *Attention to individual student needs, balanced with an emphasis on the value of challenge and fostering of self-reliance as students grow and mature.*
- *Teacher Empowerment to ensure a culture of learning and fostering talent in the field of education.*
- *Parent Involvement to ensure optimum development of the child.*

Learn to excel**

Curriculum

Our curriculum is keeping the best & latest educational trends & needs. We bring new initiatives, more enterprising and more innovative experiments and programs to meet students' aspirations more effectively at all levels. We have developed a curriculum management system capable of making the necessary structural & specific pedagogic changes to keep pace with the needs of the students.

Evaluation process is carried out for all the classes as per the guidelines issued by the CBSE from time to time.

Continuous assessment is a classroom strategy implemented by teachers to ensure the skills, understanding and knowledge attained by the students.

THE INDIAN NAVY

UNITY & DISCIPLINE

**JOIN NCC TO
SERVE THE NATION**

School offers NCC to develop qualities of character, courage, comradeship, discipline, leadership, secular outlook, spirit of adventure and sportsmanship and the ideals of selfless service among the students to make them true citizens of India.

As compared to other profession in the civilian world, the Indian Navy has a great deal to offer to young men and women.

Living beyond books

We believe that education lies beyond the textbook, and that true learning comes from self enquiry and research, from discussion, from reading and from encouraging the natural curiosity of young minds.

We believe that it is important to ensure the overall development of each of our students – through the physical, mental & spiritual development of their senses.

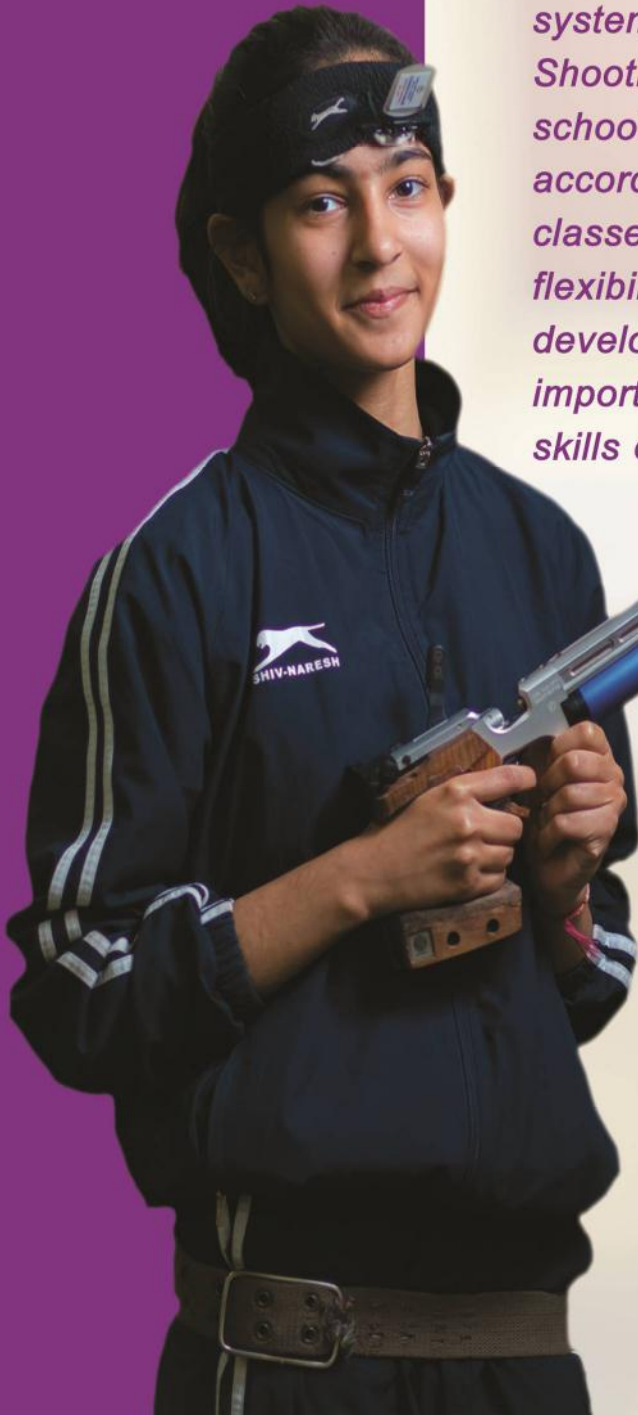

SPORTS

“Set your goals high, and don't stop till you get there.”

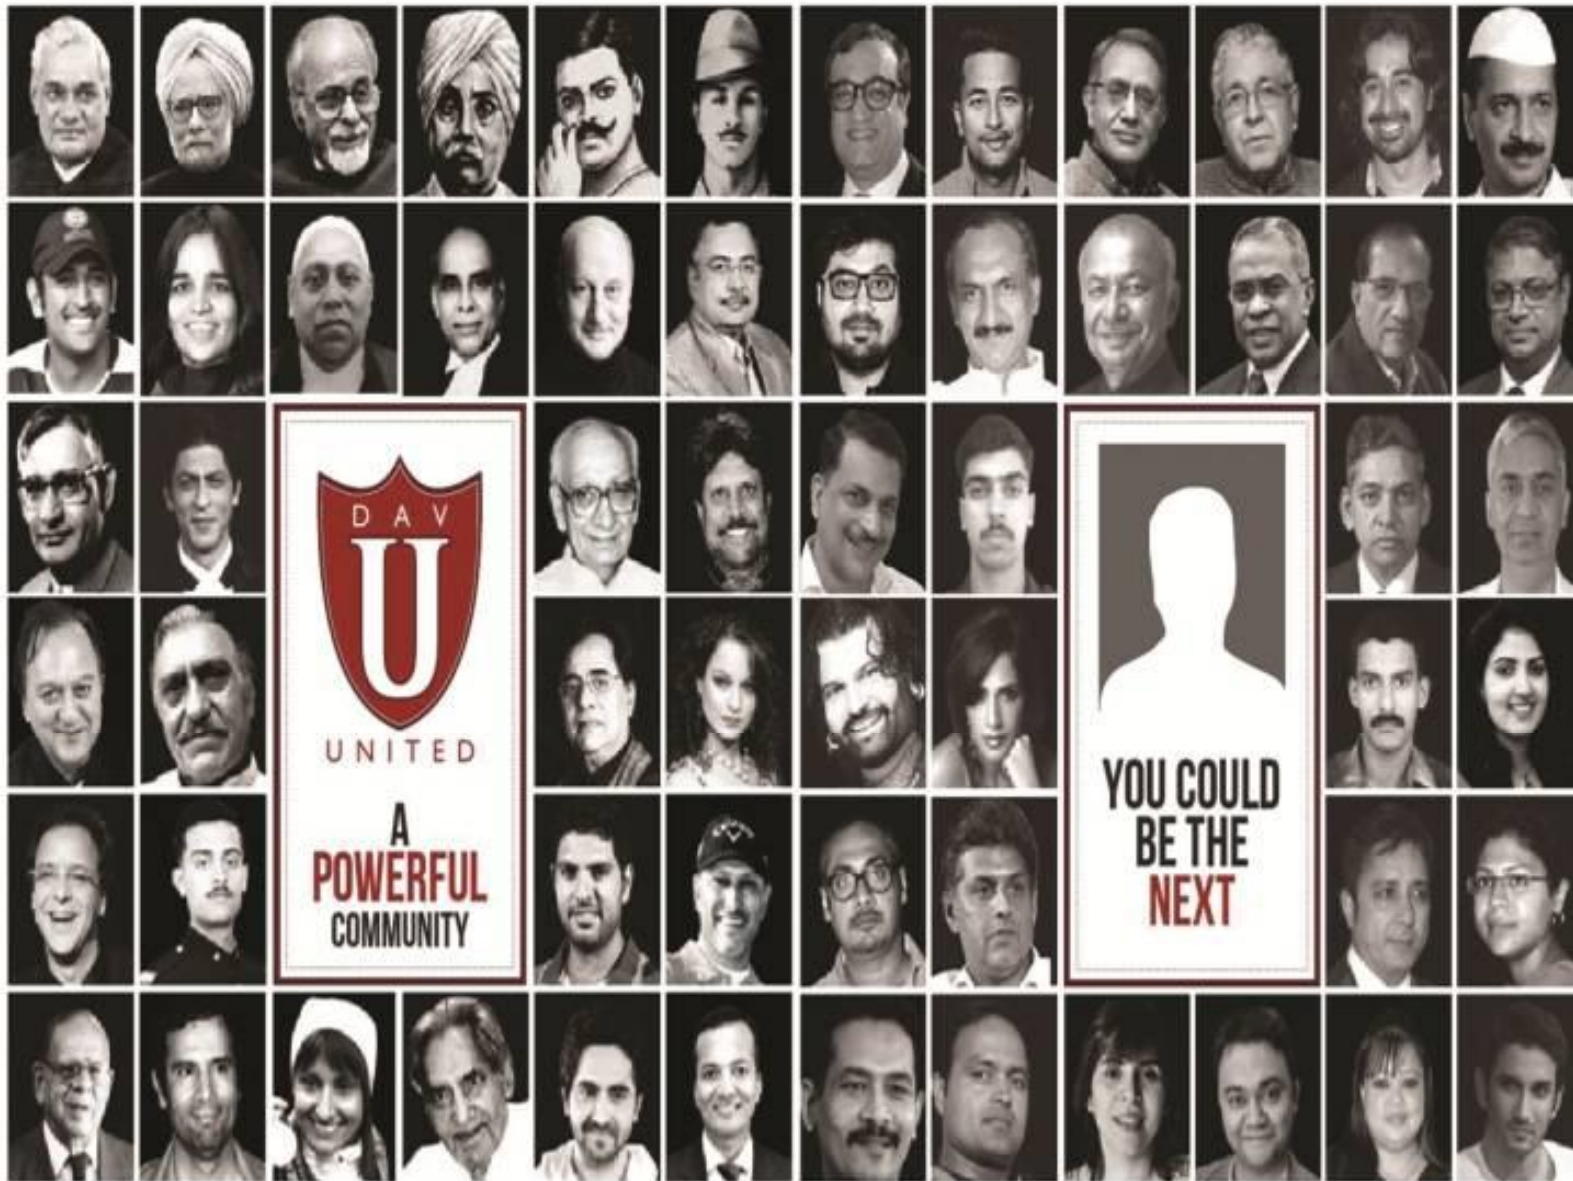

For true integrated growth to take place, our children's physical self must be systematically developed. Our School excels at games and sports such as Football, Shooting, Chess, Skating, Cricket, Badminton, Judo & Taekwondo. Sports facilities at our school include indoor games and outdoor sports. The sports curriculum is designed according to the needs of the different age groups. In the pre-primary and primary classes, emphasis is laid on the development of gross motor skills, physical stamina, flexibility, balance, strength, hygiene, overcoming physical fears and hesitations and the development of team play. In the primary classes, games with rules become increasingly important. Team accomplishments compliment individual goals for excellence. Gradually, skills of play and precision with mastery assume greater significance for students of the secondary and senior secondary classes.

*Victory is in having done your best,
if you've done your best, you've won.*
